Academy and Driving-range procedures:

- All clients should note the opening and closing hours of the Driving-range and observe other instructions given by the golf department and Balaia Golf rangers.
- In order to guarantee the safety and control the behaviour of young people (under 12 years of age) an adult must supervise their activities at the Driving-range.
- A deposit is required for the rental of golf clubs for the driving-range. In case of loss or damage to a golf club, a penalty fee of €25,00 will be charged to the client.
- Golf lessons must be booked in advance through the golf reception and the client must pay the total amount of the lessons booked, after the completion of the (first) lesson.
- The client is responsible for attending in good time for lessons booked. It is at the professional's discretion to terminate the lesson at the appointed finish time, once the client is behind schedule for a lesson.

Prices are subject to change without previous notice!
