GOLF RATES

Course etiquette and local rules

The following rules were introduced for the long term maintenance and improvement of the fairways and greens, since the course opened in 2001. As result our greens have remained amongst the best in the Algarve, which is regularly commented upon by golfers who have played the course.

These rules, were brought in also for the safety and enjoyment of all clients. Before they are allowed to play on the golf course, all players are required to proceed as follows:

- To have a basic knowledge of the rules and etiquette of the game and to comply with the instructions given by the golf department.
- To wear golf shoes only with removable and non-metal spikes (soft-spikes). If the client is in any doubt as whether his/her golf shoes have soft spikes, then a visual inspection is made, at the golf reception, to verify that the shoes conform with this rule.
- To carry his/her own set of golf clubs. Sharing a golf bag is not allowed.
- The access to the golf course is reserved for players only. Non-golfers, caddies or companions of the players are not allowed to walk along the fairways or near to the greens.

Some of the above rules may not be included in any of the official rules of R & A. Even though all courses have "local rules" which are applied to that particularly course only.
